## Nurse Scheduling Software

Ensuring proper nursing staff levels is critical to providing proper patient care. Nurse scheduling is difficult because you have to make sure the right number of nurses are scheduled by location, department, job, shift, position, and skill, all while taking into account patient count or acuity, staff availability and requests, overtime and other scheduling factors.

**ScheduleAnywhere** is the powerful, yet affordable, online staff scheduling software from Atlas Business Solutions, the leader in employee scheduling software. For over 20 years, we've been serving the healthcare industry.

To date, **over 4,000 healthcare facilities** rely on our scheduling software daily. If you need a better way to schedule and communicate work schedules, it's time to make the move to ScheduleAnywhere.

### Used by

- **Hospitals and clinics**
- **Nursing homes**
- **Long-term care**
- **Assisted living**
- **Acute care**
- **Rehab hospitals**
- **Behavioral health**

"It became more difficult to schedule our nursing staff using Excel spreadsheets, especially with constant changes. ScheduleAnywhere's ease of use, reporting capabilities and competitive pricing made choosing it easy."

-- Charles Tew, **Flowers Hospital**

"The staffing office is now able to access all schedules. Knowing staff requirements helps us fill any coverage gaps ahead of time, which helps control overtime costs. It has dramatically reduced the amount of time it takes our managers to create and maintain schedules. ScheduleAnywhere is very easy to use."

-- Staffing Office, **Kaiser Permanente Santa Rosa**

"ScheduleAnywhere is very affordable and convenient. It helps us organize our staffing and has saved us a lot of time."

-- Deborah Sellers, **Providence Holy Cross**

"ScheduleAnywhere has significantly improved our scheduling process eliminating scheduling errors."

-- Sgt. Samir Shahin, **Travis Air Force Base ER**
